Pending allocated cases

Approximately 56,250 applications were pending before a judicial formation at 31 December 2017. More than half of these applications had been lodged against one of the following 4 member States of the Council of Europe: Romania, the Russian Federation, Turkey and Ukraine.

on 31 December 2017

Judgments by State in 2017

Almost half the judgments concerned 3 of the 47 member States, namely the Russian Federation (305), Turkey (116) and Ukraine (87). More than a quarter of all the judgments delivered by the Court concerned the Russian Federation.

Of the total number of judgments delivered in 2017, the Court found at least one violation of the Convention by the respondent State in 85% of the cases.

Since the Court was established in 1959, the Court has delivered 20,637 judgments. More than a third of them have concerned 3 member States: Turkey (3,386), Italy (2,382) and the Russian Federation (2,253).

Applications allocated to a judicial formation

Applications which are allocated to a judicial formation are those for which the Court has received a correctly completed form, accompanied by copies of relevant documents.

These applications will be examined by a single judge, a Committee or a Chamber of the Court. These figures do not include applications which are at the pre-judicial stage (incomplete case file).

In 2017 there was a 19% increase in new applications as compared with the previous year. This is mainly explicable by the increase in the number of Turkish applications allocated.

on 31 December 2017

Judgments delivered by the Court

In recent years the Court has concentrated on examining complex cases, and has decided to join certain applications which raise similar legal questions so that it can consider them jointly.

In 2017 the Court delivered 1,068 judgments concerning 15,595 applications, which represents an increase of 709% over the previous year.

In 2017 the Court completed its examination of a total of 85,951 applications with a judgment or decision or by striking the case out of the list. This represents an increase of 123% over the previous year.

Subject-matter of the Court's violation judgments in 2017

In the judgments delivered by the Court in 2017, more than a quarter of the violations concerned Article 6 (right to a fair hearing), whether on account of the fairness or the length of the proceedings.

In addition, more than 20% of the violations found concerned serious breaches of the Convention, namely the right to life or the prohibition of torture and inhuman or degrading treatment (Articles 2 and 3).
